***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

The primary reason for the allowance of claim 1 is the limitation of a printing plate surface having at least one area with intaglio structures and at least one area with embossing microstructures, at least one of –

a height or lateral structural size of the embossing microstructures being of an order of magnitude in the range of 5 to 100 microns, and

a height or lateral structural size of the embossing microstructures being of an order of magnitude of less than 1 micron,

where parts of the embossing microstructures closest to the printing plate surface are located 20 microns to 100 microns below the plate surface, in combination with the other claimed language.

The primary reason for the allowance of claim 19 is the limitation of producing intaglio structures and embossing microstructures in an intaglio printing plate, parts of the embossing microstructures closest to the printing plate surface being located 20 microns to 100 microns below the plate surface, and at least one of –

a height or lateral structural size of the embossing microstructures being of an order of magnitude in the range of 5 to 100 microns, and

a height or lateral structural size of the embossing microstructures being of an order of magnitude of less than 1 micron,

in combination with the other claimed language.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
